

San Luis Obispo Soccer Club

Adopt a Player

Thank you for your interest in “adopting” a San Luis Obispo Soccer Club player. San Luis Obispo Soccer Club (SLOSC), a non-profit organization is a local soccer club committed to working with youth players (ages 8 to 19). Our goal is to provide high quality training and at the same time develop valuable life skills.

The teen years often present difficult challenges and often decisions are made which can affect the entire direction of kids’ lives. We believe involvement with sports positively influences those choices and helps shape attitudes of self-esteem and self-respect.

Our Adopt-a-Player Program provides local San Luis Obispo businesses and others an opportunity to adopt a youth soccer player. Your contribution can make a real difference in a youngster’s life. Annual fees of \$800-\$1500 cover one child’s share of expenses for playing fields, tournament fees, league membership, trainers, and coaches. These young athletes develop not only great physical skills, but also build discipline and character traits that will last a lifetime. You and/or your business can make the possibility of attending college on a soccer scholarship become a reality and not just a dream for a young athlete.

Presently we have talented young players whose families are unable to meet the costs to keep their children playing. These kids look to you for help. Your sponsorship could make a real difference in a local family’s life. Please return the enclosed form with your support for soccer, our community, and most importantly, the kids.

If you would like to learn more about San Luis Obispo Soccer Club, please contact us.

Sincerely,

Alex Crozier
Director of Coaching
